Patient Authorization Form

[X] Authorization to Release Information

Please accept this document as authorization to physicians, hospitals, medical attendants, employees, record custodians, insurance carriers and my attorney to furnish full and complete medical records, reports and x-rays. Further, this authorization is intended to include my psychiatric, psychological, HIV, drug and alcohol information. Also, confidential patient information may be assessed by employees of other designated providers for the purpose of photocopying the information in response to properly authorized requests for copies of medical records. Designated providers are bounded by the same confidentiality requirements as are the employees of this facility.

[X] Authorization for Treatment

I hereby authorize the medical staff of *Nasser Moukaddem M.D. P.A., d/b/a My Central Primary Care* to render medical services as deemed necessary. I also certify that no guarantee or assurance has been made as to the results that may be obtained. I understand that this office will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to this office will be credited to my account upon receipt. I permit this office to endorse co-issued remittances for the conveyance of credit to my account. However, I clearly understand and agree that all services rendered to me are charged directly to me and that I am personally responsible for payment. I also certify that all insurance information given to *Nasser Moukaddem M.D. P.A., d/b/a My Central Primary Care.* is correct and complete; I understand that every attempt will be made by this office to verify my insurance benefits. I understand that it is my responsibility to be aware of what services are covered and what my insurance benefits are for the services rendered.

[X] Physician/Supplier Notice to Beneficiary and Agreement to Pay

Medicare will only pay for services that it determines to be “reasonable and necessary” under the section 1862 (a) (1) of the Federal Medicare statutes. If Medicare determines that a particular service, although it would otherwise be covered is “not reasonable and necessary” under the Medicare program standards, then Medicare would deny payment for that service. If Medicare denies payment, I agree to be personally and fully responsible for payment.

[X] Financial Agreement

I understand I am financially responsible for services rendered by physicians employed by *Nasser Moukaddem M.D. P.A., d/b/a My Central Primary Care.* and their staff. Payment is to be made by insurance assignment, by myself and/or authorized guarantor. I understand and agree, regardless of my insurance, I am ultimately and fully responsible for my account for any professional services rendered. **I also agree to pay all collection, attorney and court fees that may be incurred for the collection of delinquent accounts.**

MY CENTRAL PRIMARY CARE

Prescription Drug Policy

The law requires responsible usage of prescription drugs by physicians and patients. If you accept a prescription from one of our physicians, you are also accepting the responsibility to use the drug for yourself and only as prescribed. Our responsibility is to prescribe medications in an appropriate dosage and amounts, with clear instructions. We will also inform you of the reasons we are prescribing the drug, the expected benefits from its use and the major precautions and side effects. We will answer any questions you may have about the prescription drug you are being given.

Some prescription drugs have potential for abuse and are regulated closely by the state and federal agencies. More closely controlled drugs, such as, narcotic pain medications and tranquilizers, require greater responsibility on your part. We will accept **NO** excuses for their loss or theft and will not order replacements. We will not prescribe them if you are using them other than exactly as prescribed or are receiving them from another source. Furthermore, you are required to notify our office if you change drug stores, so that the order at the first store may be canceled.

Many prescription drugs are appropriate for short-term use only. If and when we feel it is not in your best interest to continue on a medication, we will tell you. If we cannot agree about your continued use of a substance, then we will require additional consultation with other specialists to help decide on the correct course of action. We reserve the right to do random drug testing for anyone taking narcotic medications.

Refilling Controlled Medications

When your non-narcotic medications are getting low please contact your pharmacy for a refill. Your pharmacy will, in turn, submit a refill request to our office. Make sure you contact the pharmacy in advance so we will have ample time to consult your treating physician regarding this medication and determine whether it requires a follow-up at the office.

Controlled substances cannot be called into the pharmacy; prescriptions should be issued at your next scheduled appointment.

Failure to follow these policies will force our office to terminate our professional relationship with you and may require us to file a report with the United States Department of Justice Drug Enforcement Administration (DEA) or the local police.

If you are in agreement with all the information that has been provided above, please sign your acceptance to abide by these policies.
